From MONDAY January 18th, to MONDAY January 25th, 1748.

CHARLES-TOWN, January 25.

On Friday last (the new Assembly having then made a House and chosen their Speaker) his Excellency the Governor made the following Speech to both Houses of Assembly:

Honourable Gentlemen of the Council,

Mr. Speaker and Gentlemen of the Assembly,

SINCE my last Speech to a former General Assembly, the Affairs of this Province have taken a very happy Turn. Providence has blessed us with a plentiful Crop, our Produce yields a good Price, and our Success in Indigo seems to be certain. I congratulate you upon this desirable Situation of Affairs, upon this pleasing Prospect. And it is with Satisfaction that I see Gentlemen in this Assembly so well acquainted with the Constitution and Circumstances of the Country.

I have called you together to have your Advice and Assistance in the Dispatch of the Publick Business, and as I am determined it shall meet with no Obstruction from me, I hope on your Parts it will be conducted with Prudence and Expedition.

I have given great Attention to our Indian Affairs, and with Pleasure acquaint you that we have a perfect good Understanding with all the Nations around us, and that there is not an Enemy Indian within a Thousand Miles of Charles-Town, but how permanent the Peace may be, I dare not determine: for it must be considered, that the French have small Forts in some of these Nations, which very much overawes them, whereas the English have none; however it shall be my continual Care, as it has hitherto been, to preserve their Friendship, which is so valuable and so absolutely necessary to this Province.

Many of our Vessels having fallen into the Hands of the Enemy, I thought it requisite for the Defence of our Coasts and the Protection of our Trade, to hire Two Sloops for the Space of One Month. It cost me some Pains and Trouble before they were got ready for the Sea, but I am fully repaid by the Success they have had. If you think the Service was necessary, I presume you will think it just that the Publick and not the Governor should bear the Expence, an Estimate of which shall be laid before you, and I hope you will think it adviseable to continue them a Month longer.

I recommend to you to make some Alteration in your Election Law or some Addition to it, for it has not been found to answer the Ends for which it was Enacted.

Jan. 22d, 1747-8.

JAMES GLEN.

To which Speech the Commons House return'd the following Address.

May it please your Excellency,

WHIS Majesty's most dutiful and loyal Subjects, the Commons House of Assembly of this Province, now met in General Assembly, beg Leave to return your Excellency our Thanks for your Speech delivered to us Yesterday, and at the same Time to assure you, that we will give due Attention to the several Matters recommended by your Excellency, and do every Thing in our Power for the Service of his Majesty and the Welfare of the People whom we represent.

It is with great Satisfaction, that we hear from your Excellency, that we are in a State of Peace and Tranquility with the Indian Nations around us, and we hope this good Understanding will be kept up and continued.
